

DESIGNER
MORTEN ENGELBRECHT
(1960)

Morten Engelbrecht has lived and breathed furniture since he left school. First behind the counter and since 1989, as manufacturer in his own right.

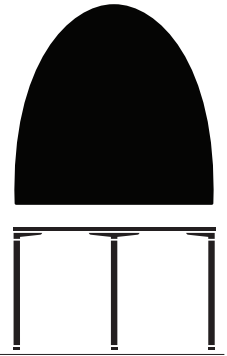

With the APPETIT® table series, we see the first product where Engelbrecht independently formulates his own idea and designs, and completes the product himself.

APPETIT

APPETIT is designed by Morten Engelbrecht. APPETIT has four adjustable legs and comes in various sizes, colours and surfaces to suit any occasion. The rounded corners give a soft look to the polished aluminium and chrome steel.

APPETIT ELLIPTICAL

APPETIT ELLIPTICAL SPECIFICATIONS

DIMENSIONS CM

MODEL 1242

1/2 Ø W120 X L120 X H 73

CERTIFICATE

EN 15372:2008

FRAME

POLISHED ALUMINIUM

SURFACE

LAMINATE, VENEER, LINOLEUM

DESCRIPTION

1/2 elliptical table with 2 magnetic row connectors and 2 interchangeable wheels.

Depending on the number of desired seats, the table can be assembled to have 3 as well as 4 legs.

SURFACES

Veneer tabletop with wooden edges.

Laminate and linoleum tabletops with ABS edges.

ACCESSORIES

By default, we include casters, which can be installed instead of two set screws so the table can be mobile. The wheels are integrated into the leg and have the same height as the set screw in the lowest setting.

PACKAGING

Tabletops are either individually wrapped or stacked on a pallet for project packaging.

Each table comes with a separate package for the leg set in the form of a cardboard box with a polystyrene core and legs, screws, allen wrench, coupling bracket, and wheels.

NOTE

For all tables, delivery applies to the door or ramp. Consider the tabletop size in both transport and installation.
