

LUNGAARD & TRANBERG ARCHITECTS

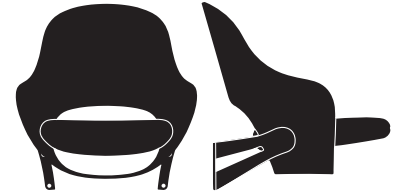

Lundgaard & Tranberg Architects is a Danish architecture office founded in 1985 by architects Boje Lundgaard and Lene Tranberg. The development of the SZENE chair is made in collaboration with architects Lene Tranberg & Signe Baadsgaard. Lundgaard & Tranberg is renowned for their iconic buildings in Denmark, among others the Tietgen Dormitory, Axel Towers and the Royal Danish Theatre's Playhouse in Copenhagen.

SZENE

The SZENE chair is developed for the auditorium in Axel Towers, Copenhagen. A classic chair with an organic expression. The chair appears in two modes in size, but is extremely spacious and allows a variety of seating positions.

SZENE is available in a wall mounted auditorium chair or with cantilever frame.
